acid ingestion
Gastric damage from ingested acid in children [abstract] (Newland), 750
acquired immunodeficiency syndrome
Acquired immune deficiency syndrome (AIDS) in the United States in 1986: etiology, epidemiology, clinical manifestations, and dental implications (Anneroth & others), 956
Oral candidiasis as a marker for esophageal candidiasis in the acquired immunodeficiency syndrome [abstract] (Uram), 752
actinomycosis
Case 60: preauricular mass [clinicopathologic conferences] (Chuong & Goldberg), 214
acyclovir
Post-herpetic erythema multiforme prevented with prophylactic oral acyclovir [abstract] (Lamping), 249
airway maintenance
Avoiding problems in tracheotomy [abstract] (Wright), 669
A clinical sign to predict difficult tracheal intubation: a prospective study [abstract] (Miller), 420
Esophageal intubation: a review of detection techniques [abstract] (McKenna), 1026
Fiberoptic endotracheal intubation in oral and maxillofacial surgery (Stella & others), 923
Pericranial fixation of the nasotracheal tube (Altemir), 585
A study of endotracheal tube injury to the subglottis [abstract] (Kootman), 586
Use of soft tissue radiographs for assessing impending airway obstruction in head and neck infections (Assael & McCravy), 398
Akinosi mandibular block technique
Akinosi or Vazirani technique? [letter] (Hupp), 758
Evaluation of the Akinosi mandibular block technique in oral surgery (Sisk), 113
alveolar ridge
Alveolar ridge maintenance with hydroxylapatite ceramic cones in humans (Kwon & others), 503
Autogenous rib graft—hydroxylapatite augmentation of the severely atrophic mandible (Lew & others), 606
Hydroxylapatite alveolar ridge reconstruction: clinical experiences, complications, and technical modifications (Kent & others), 37
Mandibular augmentation with hydroxylapatite [abstract] (Murphy), 840
Preliminary study of the mandibular shape after tooth loss [abstract] (Uram), 419
Stabilization of the augmented atrophic mandible with mini-plates (de Visscher & van der Wal), 332
A two-piece surgical splint to facilitate hydroxylapatite augmentation of the mandibular alveolar ridge (Lambert), 329
Use of a soft tissue expander in alveolar ridge augmentation: a preliminary report (Lew & others), 516
Use of an open splint in ridge augmentation with hydroxylapatite (Pham), 80
amalgam tattoo
The use of elemental microanalysis in verification of the composition of presumptive amalgam tattoo (Hartman & others), 628
ameloblastoma
Ameloblastoma accompanied by prominent bone formation (Okada & others), 555
Ameloblastoma in childhood (Keszler & Dominguez), 609
A clinicopathologic study of ameloblastoma (Ueno & others), 361
Odontoameloblastoma (Gupta & Gupta), 146
Peripheral ameloblastoma resembling a papilloma: report of case (Kaneko & Ueno), 737
ampicillin
Ampicillin concentrations in human serum, gingiva, mandibular bone, dental follicle, and dental pulp following a single oral administration of bacampicillin (Akimoto & others), 107
Buccal cellulitis in an infant due to ampicillin-resistant Hemophilus influenzae (Taylor & Carter), 234
analgesia
A double-blind comparison of the efficacy of methadone and morphine in postoperative pain control [abstract] (Miller), 838
Comparison of etidocaine and lidocaine for control of intra- and post-operative bleeding and pain (Siske), 16
Comparison of etodolac, zomepirac, and placebo for relief of pain after oral surgery (Giglio & Campbell), 765
Inhibition of postoperative pain by continuous low-dose intravenous infusion of lidocaine [abstract] (McKenna), 417
anatomy
Computed tomography of the face and paranasal sinuses: Part II. Abnormal anatomy and pathologic conditions [abstract] (Hupp), 250; 334
Computed tomography of the inferomedial orbit and the lacrimal drainage apparatus: normal and pathologic anatomy [abstract] (McKenna), 753
Parasagittal anatomy of the head and neck [abstract] (Primley), 840
anemia
Iatrogenic anemia [abstract] (Mufson), 927
anesthesia
The anesthesia team for ambulatory patients [letter] (McCarthy), 340
Arterial blood gas levels after midazolam or diazepam administered with or without fentanyl as an intravenous sedative for outpatient surgical procedures (Tucker & others), 688
Aspiration pneumonitis: predisposing conditions and prevention (Kinni & Stout), 378
Cardiovascular, biochemical and hormonal responses to intravenous sedation with local analgesia versus general anesthesia in patients undergoing oral surgery (Hempenstall & others), 441
Central beta-endorphin release and recovery after exposure to nitrous oxide in rats (Zuniga & others), 714
Cerebrovascular and cerebral metabolic effects of physostigmine, midazolam, and a benzodiazepine antagonist [abstract] (McKenna), 1023
A comparative study of intravenous diazepam and midazolam for oral surgery (Clark & Rodrigo), 860
Comparison of etidocaine and lidocaine for control of intra-and post-operative bleeding and pain (Sisk), 16
The effect of ketamine on the functional residual capacity in young children [abstract] (Paulette), 166
Evaluation of the Akinosi mandibular block technique in oral surgery (Sisk), 113
Is nitrous oxide a dangerous anesthetic for vitamin B12 deficient subjects? [abstract] (Calhoun), 839
Isoflurane in pediatric anaesthesia [abstract] (Hupp), 335
Major seizure after fentanyl administration: two case reports (Rosenberg & Lisman), 577
Midazolam as an intravenous induction agent in the elderly [abstract] (McKenna), 669
Pneumomediastinum and subcutaneous cervical emphysema during third molar extraction under general anesthesia (Aragon & others), 141
Prevention of complications associated with intravenous sedation and general anesthesia (Campbell), 289
Rectal methohexitone induction in pediatric outpatients: physostigmine does not enhance recovery [abstract] (Miller), 586
Survival following cardiopulmonary arrest occurring during outpatient general anesthesia (Chapman & Pearn), 558
angioedema
Acute angioedema during maxillomandibular fixation: a possible life-threatening situation (Bianco & others), 224
angiography
Superselective angiography with digital subtraction and embolization of a maxillary hemangioma in a patient with Eisenmenger's syndrome (Hupp), 910
ankylosis
A case of pseudoankylosis between the pterygoid plate and mandible (Super & Cotton), 467
antibiotics
Ampicillin concentrations in human serum, gingiva, mandibular bone, dental follicle, and dental pulp following a single oral administration of bacampicillin (Akimoto & others), 107
Oral pigmentation secondary to minocycline therapy (Beehner & others), 582
arthritis
Discectomy and synovectomy of the temporomandibular joint in the treatment of rheumatoid arthritis: case report with three-year follow-up study (Haanes & others), 905
Osteoarthritis and internal derangement of the temporomandibular joint: a light microscopic study (de Bont & others), 634
arthrography
Inferior joint space arthrography of normal temporomandibular joints: reassessment of diagnostic criteria [abstract] (Muller), 1025
Morbidity associated with temporomandibular joint arthrography in clinically normal joints (Lydiatt & others), 8
Oblique head position in temporomandibular joint arthrography [abstract] (Throndson), 839
Temporomandibular joint arthrography of normal subjects: prevalence of pain with ionic versus nonionic contrast agents [abstract] (Throndson), 494
arthroscopy
Temporomandibular joint arthroscopy (Goss & Bosanquet), 614

aspergillosis
Aspergillosis of the paranasal sinuses [abstract] (Throndson), 494
aspiration pneumonitis
Aspiration pneumonitis: predisposing conditions and prevention (Kinni & Stout), 378

B

bacterial infections
Buccal cellulitis in an infant due to ampicillin-resistant *Hemophilus influenzae* (Taylor & Carter), 234
The evaluation of host defensive function on oral bacterial infections. Part 3. Peripheral blood neutrophil function of patients with refractory infections [abstract] (Nakajima), 165
Risk factors for the development of prosthetic valve endocarditis [abstract] (Guttu), 418
Submandibular space abscess due to Actinobacillus actinomycetemcomitans (Salman & others), 1002
Tuberculosis of the jaws (Sepheriadou-Mavropoulou & Yannoulopoulos), 158
barbiturates
Failure of prophylactic barbiturate coma in the treatment of severe head injury [abstract] (Hackney), 335
Pharmacokinetics of high-dose pentobarbital in severe head trauma [abstract] (Murphy), 495
bites
Human bites: a review [abstract] (Chayra), 84
Reconstruction of the lower lip following pig bites: report of two cases (Metlich & others), 478
bleeding
Comparison of etidocaine and lidocaine for control of intra- and post-operative bleeding and pain (Siske), 16
Effect of local antifibrinolytic treatment with tranexamic acid in hemophiliacs undergoing oral surgery (Sindet-Pedersen & Stenbjerg), 703
Life-threatening sublingual hematoma in a severely hemophilic patient with factor VIII inhibitor, 401
blood supply
Effects of temperature on blood flow in facial tissues (Kwon & others), 790
The cutaneous blood supply of the neck: relevance to incision planning and surgical reconstruction [abstract] (Chayra), 335
Vascular architecture of the mandibular processes in hamster and rat [abstract] (DeVita), 493
blood transfusion
Autotransfusion in elective plastic surgical operations [abstract] (Whitlow), 1024
bone grafts
Augmentation of the atrophic mandible with interposed bone grafts and particulate hydroxylapatite (Stoelinga & others), 353
Autogenous rib graft—hydroxylapatite augmentation of the severely atrophic mandible (Lew & others), 606
Bilateral microvascular free iliac grafts for mandibular reconstruction in intractable osteomyelitis: report of case (Head & others), 724
Dacron mesh tray and cancellous bone in reconstruction of mandibular defects [abstract] (Primley), 840
Functional oromandibular reconstruction with the microvascular composite groin flap [abstract] (Harris), 750
Homologous cancellous bone grafts for large jaw defects caused by bone cysts (Richter & others), 447
Hydroxylapatite blocks and particles as bone graft substitutes in orthognathic and reconstructive surgery (Kent & others), 597
Intraoral reconstruction of mandibular defects after tumor resection (Lello), 864
Irradiated mandibular autografts update [abstract] (Throndson), 926
Mandibular reconstruction with a microvascular free groin osteocutaneous graft based on the deep circumflex iliac vessels (Takada & others), 660
Mandibular reconstruction with microvascular bone transfer [abstract] (Whitestone), 754
Revascularized iliac bone grafts for mandibular reconstruction [abstract] (Frenwick), 496
Skull bone grafts in maxillofacial and craniofacial surgery (Jackson & others), 949
The "three-piece" osteotomy and interpositional bone graft for augmentation of the atrophic mandible (Egbert & others), 680
Use of autogenous cranial bone grafts in maxillofacial surgery: a preliminary report (Harsha & others), 11
BOOK REVIEWS [Current Literature] 251, 497, 671
buccal fat pad
Use of the buccal fat pad as a pedicled graft (Tideman & others), 435

C

calcium oxalate crystals
Calcium oxalate crystals in a nasolabial cyst (Aldred & others), 149
calcium-channel blockers
Influence of calcium-channel blockers on platelet function and arachidonic acid metabolism [abstract] (Goldenstein), 495
candidiasis
Oral candidiasis as a marker for esophageal candidiasis in the acquired immunodeficiency syndrome [abstract] (Uram), 752
Prevalence and persistence of different strains of *Candida albicans* in treatment of denture stomatitis [abstract] (Payne), 420
carbon dioxide laser
Benign lesions of the nose, oral cavity and oropharynx in children: Excision by carbon dioxide laser [abstract] (Sperber), 417
Comparison of depth and profile of osteotomies performed by rapid superpulsed and continuous-wave CO2 laser beams at high power output (Clauser), 425
Use of CO2 laser for gingivectomy in a patient with Sturge-Weber disease complicated by dilantin hyperplasia (Hylton), 646
carcinoma
Adenocarcinoma of the pancreas metastatic to the mandible (Freilich), 735
Breast carcinoma metastatic to the gingiva (Eckardt & Nommels), 902
Carcinoma of the paranasal sinuses: results of a prospective pilot study [abstract] (Luna), 251
Carcinoma of the prostate metastatic to the mandibular condyle mimicking a parotid tumor (Thatcher), 394
Carcinoma of the tongue in an adolescent: a case report and review of literature (Chapman), 391
Cutaneous malignant melanoma in association with other skin cancers [abstract] (Luna), 334
Disseminated intravascular coagulation associated with infection secondary to carcinoma of the maxillary sinus (Saito & others), 917
Epithelial dysplasia immediately adjacent to oral squamous cell carcinomas [abstract] (Chayra), 493
Esophageal carcinoma metastatic to the oral cavity (Sokolosky & others), 825
Familial occurrence of cancer of the mouth (Tashiro & others), 322
Magnetic resonance imagery versus computed tomography. Comparison in imaging oral cavity and pharyngeal carcinomas [abstract] (Primley), 750
Mandibular involvement by oral squamous cell carcinoma [abstract] (Harris), 669
Mucoepidermoid carcinoma of the lower lip: report of a case (Pizer & Dubois), 900
New test series for the functional evaluation of oral cavity cancer [abstract] (Hupp), 750
The role of radical surgery and post-operative radiotherapy in the management of intra-oral carcinoma [abstract] (Shamaskin), 493
Squamous cell carcinoma of the head and neck in patients under 40 years of age [abstract] (Primley), 749
Studies on growth inhibitory effects of EGF on oral squamous cell carcinoma [abstract] (Nakajima), 165
Surgical complications in patients with head and neck cancer receiving chemotherapy [abstract] (Fridrich), 927
Surgical treatment of early-stage carcinoma of the oral tongue—would adjuvant treatment by beneficial? [abstract] (Hupp), 1024
Where there's smokeless, there's also fire [editorial (Laskin), 339
cardiovascular disease
An echocardiographic study of patients with cardiovascular disease during dental treatment using local anesthesia (Hirota & others), 116
Survival following cardiopulmonary arrest occurring during outpatient general anesthesia (Chapman & Pearn), 558
cellulitis
Buccal cellulitis in an infant due to ampicillin-resistant Hemophilus influenzae (Taylor & Carter), 234
cephalometric measurements
Dentoskeletal determinants of soft tissue morphology [abstract] (DeVita), 496
Preliminary study of the mandibular shape after tooth loss [abstract] (Uram), 419
Profile planning based on alterations in the positions of the bases of the facial thirds (Obwegeser & Marentette), 302
cervical spine
Two cases of dysphagia due to cervical spine osteophytes successfully treated surgically [abstract] (Woehling), 336
cheilitis
Miescher's granulomatous cheilitis: literature review and report of a case (Hernandez & Lucas), 474
chemotherapy
Surgical complications in patients with head and neck cancer receiving chemotherapy [abstract] (Fridrich), 927
cherubism
An unusually extensive case of cherubism (Ramon & Engelberg), 325
chin
Mandibular resorption from silicone chin implants in children (Peled & others), 346
Simultaneous reporsitioning of the maxilla, mandible and chin [abstract] (Buckley), 669
chondroid syringoma
Chondroid syringoma of the upper lip: report of case (Triantafyllou & Rapidis), 744
chondroma
Chondroma of the tongue (Ling), 156

chondrosarcoma
Chondrosarcoma arising from the zygomatic arch (Cook), 67
Chondrosarcoma: a rare tumor of the jaws (Weiss & Bennett), 73
cleft lip and palate
Bilateral nasal mucoperiosteal flaps in bilateral cleft palate repair [abstract] (Golden), 419
Secondary management of premaxilla in bilateral cleft lip and palate patients (Eppley & others), 987
Total reconstruction of the "end stage" cleft lip and palate deformity [abstract] (Harris), 419
Total reconstruction of the "end stage" cleft lip and palate deformity [abstract] (Midtling), 751
Ultrasonic assessment of nasopharyngeal function in cleft palate patients. Part II. Application to postoperative patients with nasopharyngeal insufficiency [abstract] (Nakajima), 250
CLINICOPATHOLOGIC CONFERENCES
Case 60: preauricular mass (Chuong & Goldberg), 214
Case 61: tongue mass in an infant (Herzog & others), 463
Case 62: expansile radiolucent lesion of the mandible (Bass & others), 799
computed tomography
Computed tomographic findings in patients with limited jaw movement due to myositis ossificans progressiva (Nunnelly & Yussen), 818
Computed tomography of the face and paranasal sinuses: Part II. Abnormal anatomy and pathologic conditions [abstract] (Hupp), 250
Computed tomography of the inferomedial orbit and the lacrimal drainage apparatus: normal and pathologic anatomy [abstract], (McKenna), 753
High-resolution computed tomography: Part 5. Evaluation of the temporomandibular joint [abstract] (Hupp), 493
Magnetic resonance imagery versus computed tomography. Comparison in imaging oral cavity and pharyngeal carcinomas [abstract] (Primley), 750
The masticator space: the influence of CT scanning on therapy [abstract] (Kootman), 588
Orbital blow-out fractures: the prognostic significance of computed tomography [abstract] (Reck), 749
Second branchial cleft cyst: unusual location and a new CT diagnostic sign [abstract] (McKenna), 418
Three-dimensional computed tomographic analysis of the normal temporomandibular joint (Kursunoglu & others), 257
Three-dimensional computed tomography in maxillofacial trauma [abstract] (Day), 926
condyle
Bifid mandibular condyle (Balciunas), 324
Carcinoma of the prostate metastatic to the mandibular condyle mimicking a parotid tumor (Thatcher), 394
Condylar metastasis with initial presentation as TMJ syndrome [abstract] (Mosby), 838
Freeze treatment of the monkey mandibular condyle (Marciani & others), 50
Healing following meniscoplasty, eminectomy, and high condylectomy in the monkey temporomandibular joint (Hall & others), 177
Observer performance in assessment of condylar position in temporomandibular joint radiograms [abstract] (Hupp), 166
Osteosarcoma of the mandibular condyle (Abubaker & others), 126
Remodeling of bilateral condylar fractures in a child (Miller & McDonald), 1008
Three-dimensional computed tomographic analysis of the normal temporomandibular joint (Kursunoglu & others), 257
A tomographic study of mandibular condyle position in an asymptomatic population [abstract] (Lamping), 494
connective tissue disorders
Management of osteomyelitis and nonunion of the mandible in a patient with progressive systemic sclerosis (Ilacqua & Murphy), 561
coronoid process
Bilateral enlargement of the mandibular coronoid process: review of literature and report of case (Giacomuzzi), 728
cortisol
Cardiovascular, biochemical and hormonal responses to intravenous sedation with local analgesia versus general anesthesia in patients undergoing oral surgery (Hempenstall & others), 441
The effects of surgery on the circadian rhythms of cortisol [abstract] (Ingalls), 84
The serum and urinary cortisol response to operative trauma [abstract] (McKenna), 753
cost of health care
Is this trip necessary? [editorial] (Laskin), 169
Surgonomics. Money down the drains [abstract] (Silverberg), 417
costochondral joint
Histologic comparison of the costochondral, sternoclavicular, and temporomandibular joints during growth in *Macaca mulatta* (Ellis & Carlson), 312
cysts
Calcium oxalate crystals in a nasolabial cyst (Aldred & others), 149
Case 62: expansile radiolucent lesion of the mandible (Bass & others), 799
Epidermoid cyst of the uvula: report of a case (Yoshinari & Nagayama), 828
Foregut cysts presenting as neck masses: a report on three children [abstract] (Sperber), 417
Homologous cancellous bone grafts for large jaw defects caused by bone cysts (Richter & others), 447
Second branchial cleft cyst: unusual location and a new CT diagnostic sign [abstract] (McKenna), 418

D

dentures
Oral mucosal disorders in denture wearers [abstract] (Stoll), 83
Prevalence and persistence of different strains of Candida albicans in treatment of denture stomatitis [abstract] (Payne), 420
dexamethasone
An uncommon adverse effect following bolus administration of intravenous dexamethasone [abstract] (Calhoun), 927
diazepam
Arterial blood gas levels after midazolam or diazepam administered with or without fentanyl as an intravenous sedative for outpatient surgical procedures (Tucker & others), 688
A comparative study of intravenous diazepam and midazolam for oral surgery (Clark & Rodrigo), 860
dilantin hyperplasia
Use of CO2 laser for gingivectomy in a patient with Sturge-Weber disease complicated by dilantin hyperplasia (Hylton), 646
discectomy
Discectomy and synovectomy of the temporomandibular joint in the treatment of rheumatoid arthritis: case report with three-year follow-up study (Haanes & others), 905
Discectomy in the treatment of anterior disc displacement of the temporomandibular joint. A clinical and radiologic one-year follow-up study [abstract] (Paolino), 751
disseminated intravascular coagulation
Disseminated intravascular coagulation associated with infection secondary to carcinoma of the maxillary sinus (Saito & others), 917
drug abuse
Drink to me only with thine eyes [editorial] (Laskin), 423
Drug abuse in oral and maxillofacial training programs (Rosenberg), 458
dry mouth
Use of an electronic stimulator for the treatment of dry mouth (Weiss & others), 845
dysphagia
Two cases of dysphagia due to cervical spine osteophytes successfully treated surgically [abstract] (Woehling), 336

E

EDITORIALS
Drink to me only with thine eyes (Laskin), 423
Implantology 1986 (Laskin), 843
Is this trip necessary? (Laskin), 169
Joining the search for tomorrow (Laskin), 591
Just one rotten apple (Laskin), 1
The making of a surgeon (Laskin), 255
Putting a smile on the face of the earth (Laskin), 933
The right stuff (Laskin), 87
Telling it like it is (Laskin), 757
Where there's smokeless, there's also fire (Laskin), 339
Who are we (Laskin), 675
A word about words (Laskin), 501
Eisenmenger's syndrome
Superselective angiography with digital subtraction and embolization of a maxillary hemangioma in a patient with Eisenmenger's syndrome (Hupp), 910
electromyography
Relationship of electromyographic parameters in jaw dysfunction patients classified according to Helkimos index [abstract], 84
emphysema
Pneumomediastinum and subcutaneous cervical emphysema during third molar extraction undergeneral anesthesia (Aragon & others), 141
endocarditis
eosinophilic granuloma
Treatment of recurrent eosinophilic granuloma of the mandible following radiation therapy (Whitcher & Webb), 565
epidermal growth factor
Interaction between epidermal growth factor and triamcinolone acetonide in mouse palatal mesenchymal cells in vitro [abstract] (Eschenroeder), 752
Studies on growth inhibitory effects of EGF on oral squamous cell carcinomas [abstract] (Nakajima), 165
epinephrine
An echocardiographic study of patients with cardiovascular disease during dental treatment using local anesthesia (Hirota & others), 116

erythema multiforme
Post-herpetic erythema multiforme prevented with prophylactic oral acyclovir [abstract], 249
etidocaine
Comparison of etidocaine and lidocaine for control of intra- and post-operative bleeding and pain (Siske), 16
etodolac
Comparison of etodolac, zomepirac, and placebo for relief of pain after oral surgery (Giglio & Campbell), 765
exostoses
Development of exostoses following skin graft vestibuloplasty: report of a case (Siegel & Pappas), 483
extraction of teeth
Complications following removal of impacted third molars: the role of the experience of the surgeon (Sisk & others), 855
Dysesthesia of the lingual and inferior alveolar nerves following third molar surgery (Alling), 454
Periodontal abscess following surgical removal of mandibular third molars [abstract] (Calhoun), 926
Pneumomediastinum and subcutaneous cervical emphysema during third molar extraction under general anesthesia (Aragon & others), 141
eyes
Blindness after trauma insufficient to cause bony injury: case report and review of literature [abstract] (Fridrich), 928
Computed tomography of the inferomedial orbit and the lacrimal drainage apparatus: normal and pathologic anatomy [abstract], (McKenna), 753
Direct trauma to the superior oblique tendon following penetrating injuries of the upper eyelid [abstract] (Wright), 419
Eye injury during surgery [letter] (Casino), 424
The eyes as a portal of entry for hepatitis and other infectious diseases [abstract] (Hupp), 336
Late posttraumatic enophthalmos corrected by dense hydroxylapatite blocks (Zide), 804
Nasolacrimal obstruction in craniofacial surgery [abstract] (Meador), 837
Ophthalmic manifestations of esthesioneuroblastoma [abstract] (Burger), 753

F

facial paralysis
Mimetic surgery for the paralyzed face [abstract] (Whitlow), 753
Reanimation of the long-standing partial facial paralysis [abstract] (Whitlow), 670
fentanyl
Arterial blood gas levels after midazolam or diazepam administered with or without fentanyl as an intravenous sedative for outpatient surgical procedures (Tucker & others), 688
Major seizure after fentanyl administration: two case reports (Rosenberg & Lisman), 577
fibromas
Desmoplastic fibroma of the mandible: literature review and report of three cases (Makek & Lello), 385
Ophthalmic manifestations of esthesioneuroblastoma [abstract] (Whitlow), 753
Recurrent cementifying fibroma (Wu & others), 229
Xanthofibroma of the mandible (White & Makar), 1010
fistulas
A technique for obturating palatal fistulas [abstract] (Golden), 587
fractures
Comparison of panoramic and standard radiographs for the diagnosis of mandibular fractures (Chayra & others), 677
Fractures of the zygomatic complex (Chuong & Kaban), 283
Late posttraumatic enophthalmos corrected by dense hydroxylapatite blocks (Zide), 804
Late reaction to silicone following reconstruction of an orbital floor fracture (Sewall & others), 821
Nasal fractures in children: influence on development of the nose [abstract] (Whitlow), 418
Orbital blow-out fractures: the prognostic significance of computed tomography [abstract] (Reck), 749
Pterygoid plate fractures caused by Le Fort I osteotomy [abstract] (Young), 1025
Remodeling of bilateral condylar fractures in a child (Miller & McDonald), 1008
Technique for rigid fixation of Le Fort and palatal fractures (Mosby & others), 921
Temporal screw suspension for complicated midface fractures (Farole), 491
fungal infections
Aspergillosis of the paranasal sinuses [abstract] (Throndson), 494
Case 60: preauricular mass [clinicopathologic conferences] (Chuong & Goldberg), 214
Mucormycosis of the mandible (Brown & Finn), 132
Oral candidiasis as a marker for esophageal candidiasis in the acquired immunodeficiency syndrome [abstract] (Uram), 752
Prevalence and persistence of different strains of *Candida albicans* in treatment of denture stomatitis [abstract] (Payne), 420
Propagation of histoplasmosis [letter] (Rohrer; Hupp), 170

G

giant cell lesions
Central giant cell lesions of the jaws: a clinicopathologic study (Chuong & others), 708
Giant cell tumor of the infratemporal fossa: report of case (Cook & others), 651
glycogen storage disease
Oral surgical management of apatient with glycogen storage disease type I (Herzog & others), 999
grafts
Augmentation of the atrophic mandible with interposed bone grafts and particulate hydroxylapatite (Stoelinga & others), 353
Autogenous dermal grafts for repair of temporomandibular joint disc perforations (Tucker & others), 781
Autogenous rib graft—hydroxylapatite augmentation of the severely atrophic mandible (Lew & others), 606
The axial frontonasal flap revisited [abstract] (Harris), 586
Bilateral microvascular free iliac grafts for mandibular reconstruction in intractable osteomyelitis: report of case (Head & others), 724
A compendium of intraoral flaps [abstract] (Hupp), 749
Cross mental nerve graft for restoration of lip sensation after inferior alveolar nerve damage: report of case (Kaban & Upton), 649
Dacron mesh tray and cancellous bone in reconstruction of mandibular defects [abstract] (Primley), 840
Development of exostoses following skin graft vestibuloplasty: report of a case (Siegel & Pappas), 483
Experimental use of fibrin sealant for skin graft fixation in mandibular vestibuloplasty (Gregory & Schaberg), 171
Functional oromandibular reconstruction with the microvascular composite groin flap [abstract] (Harris), 750
Homologous cancellous bone grafts for large jaw defects caused by bone cysts (Richter & others), 447
Hydroxylapatite blocks and particles as bone graft substitutes in orthognathic and reconstructive surgery (Kent & others), 597
Intraoral reconstruction of mandibular defects after tumor resection (Lello), 864
Irradiated mandibular autografts update [abstract] (Throndson), 926
Mandibular reconstruction with a microvascular free groin osteocutaneous graft based on the deep circumflex iliac vessels (Takada & others), 660
Mandibular reconstruction with microvascular bone transfer [abstract] (Whitestone), 754
Repair of the mandibular nerve by autogenous grafting after partial resection of the mandible (Noma & others), 31
Revascularization of reversed dermis grafts (Ueda & others), 534
Reversed dermis graft for reconstruction of oral mucosa [abstract] (Nakajima), 83
Skull bone grafts in maxillofacial and craniofacial surgery (Jackson & others), 949
The "three-piece" osteotomy and interpositional bone graft for augmentation of the atrophic mandible (Egbert & others), 680
Use of autogenous cranial bone grafts in maxillofacial surgery: a preliminary report (Harsha & others), 11
Use of polyglycolic acid mesh to confine particulate hydroxylapatite for augmentation of bone in the rat (Silverberg & others), 877
Use of the buccal fat pad as a pedicled graft (Tideman & others), 435
The versatility of pericranial flaps [abstract] (Whitlow), 495

H

hamartoma
Case 61: tongue mass in an infant [clinicopathologic conferences] (Herzog & others), 463
hemangioendotheliosarcoma
Metastatic hemangioendotheliosarcoma of the mandible: report of case (Sengun & others), 806
hemangiomas
Spontaneous resolution of a central vascular lesion of the mandible following needle aspiration (Nelson & others), 731
Superselective angiography with digital subtraction and embolization of a maxillary hemangioma in a patient with Eisenmenger's syndrome (Hupp), 910
Vascular anomalies of the maxillofacial region (Kaban & Mulliken), 203
hemophilia
Effect of local antifibrinolytic treatment with tranexamic acid in hemophiliacs undergoing oral surgery (Sindet-Pedersen & Stenbjerg), 703
Life-threatening sublingual hematoma in a severely hemophilic patient with factor VIII inhibitor, 401
hemostatic mechanisms
Disseminated intravascular coagulation associated with infection secondary to carcinoma of the maxillary sinus (Saito & others), 917
Influence of calcium-channel blockers on platelet function and arachidonic acid metabolism [abstract] (Goldenstein), 495
Life-threatening sublingual hematoma in a severely hemophilic patient with factor VIII inhibitor, 401

hepatitis
The eyes as a portal of entry for hepatitis and other infectious diseases [abstract] (Hupp), 336
Lethal outbreak of hepatitis B in a dental practice [abstract] (McKenna), 1023
heredity
Acute angioedema during maxillomandibular fixation: a possible life-threatening situation (Bianco & others), 224
Familial occurrence of cancer of the mouth (Tashiro & others), 322
herpesvirus
Post-herpetic erythema multiforme prevented with prophylactic oral acyclovir [abstract] (Lamping), 249
Survival of herpes simplex virus on dental handpieces [abstract] (Mosby), 838
histiocytoma
Malignant fibrous histiocytoma in the maxilla: review of literature and report of a case (Block & others), 404
histoplasmosis
Propagation of histoplasmosis [letter] (Rohrer; Hupp), 170
hydroxylapatite implants
Alveolar ridge maintenance with hydroxylapatite ceramic cones in humans (Kwon & others), 503
Augmentation of the atrophic mandible with interposed bone grafts and particulate hydroxylapatite (Stoelinga & others), 353
Autogenous rib graft—hydroxylapatite augmentation of the severely atrophic mandible (Lew & others), 606
Collagen tube containers: an effective means of controlling particulate hydroxylapatite implants [abstract] (Murphy), 1024
A comparison of particulate and solid root forms of hydroxylapatite in dog extraction sites (Block & Kent), 89
Compressive strength measurement and microstructure studies of hydroxyapatite cones [abstract] (Murphy), 496
Excision of sclerosing osteomyelitis and reconstruction with particulate hydroxylapatite (Block & others), 244
Hydroxylapatite alveolar ridge reconstruction: clinical experiences, complications, and technical modifications (Kent & others), 37
Hydroxylapatite blocks and particles as bone graft substitutes in orthognathic and reconstructive surgery (Kent & others), 597
Late posttraumatic enophthalmos corrected by dense hydroxylapatite blocks (Zide), 804
Mandibular augmentation with hydroxylapatite [abstract] (Murphy), 840
Tissue response in dogs to dense hydroxylapatite implantation in the femur (Gumaer & others), 618
A two-piece surgical splint to facilitate hydroxylapatite augmentation of the mandibular alveolar ridge (Lambert), 329
Use of an open splint in ridge augmentation with hydroxylapatite (Pham), 80
Use of polyglycolic acid mesh to confine particulate hydroxylapatite for augmentation of bone in the rat (Silverberg & others), 877
Zygomatic augmentation with hydroxylapatite (Waite & Matukas), 349

I

implants
Alveolar ridge maintenance with hydroxylapatite ceramic cones in humans (Kwon & others), 503
Augmentation of the atrophic mandible with interposed bone grafts and particulate hydroxylapatite (Stoelinga & others), 353
Autogenous rib graft—hydroxylapatite augmentation of the severely atrophic mandible (Lew & others), 606
Clinical evaluation of ramus frame and staple bone implants [abstract] (Murphy), 670
Collagen tube containers: an effective means of controlling particulate hydroxylapatite implants [abstract] (Murphy), 1024
Comparative study of alloplastic materials for temporomandibular joint disc replacement in rabbits (Timmis & others), 541
A comparison of particulate and solid root forms of hydroxylapatite in dog extraction sites (Block & Kent), 89
Compressive strength measurement and microstructure studies of hydroxyapatite cones [abstract] (Murphy), 496
Effects of different shaped tissue expanders on transluminal pressure, oxygen tension, histopathologic changes and skin expansion in pigs [abstract] (Burger), 587
Excision of sclerosing osteomyelitis and reconstruction with particulate hydroxylapatite (Block & others), 244
Facial bone augmentation using bioglass in dogs [abstract] (Throndson), 838
Hydroxylapatite alveolar ridge reconstruction: clinical experiences, complications, and technical modifications (Kent & others), 37
Hydroxylapatite blocks and particles as bone graft substitutes in orthognathic and reconstructive surgery (Kent & others), 597
Late posttraumatic enophthalmos corrected by dense hydroxylapatite blocks (Zide), 804
Late reaction to silicone following reconstruction of an orbital floor fracture (Sewall & others), 821
The long term efficacy of currently used dental implants: a review and proposed criteria of success [abstract] (Young), 1026
Mandibular augmentation with hydroxylapatite [abstract] (Murphy), 840
Mandibular resorption from silicone chin implants in children (Peled & others), 346
New design for silastic implants in temporomandibular joint surgery (Rippert & others), 163
Osseointegration in maxillofacial prosthetics. Part I: intraoral applications [abstract] (Murphy), 1024
A sixteen-year evaluation of the mandibular staple bone plate (Small & Misiek), 60
Temperatures during drilling for the placement of implants using the osseointegration technique (Eriksson & Adell), 4
Tissue response in dogs to dense hydroxylapatite implantation in the femur (Gumaer & others), 618
Titanium plasma-sprayed (TPS) screw implants for the reconstruction of the edentulous mandible (Babbush & others), 274
A two-piece surgical splint to facilitate hydroxylapatite augmentation of the mandibular alveolar ridge (Lambert), 329
Use of an open splint in ridge augmentation with hydroxylapatite (Pham), 80
Use of polyglycolic acid mesh to confine particulate hydroxylapatite for augmentation of bone in the rat (Silverberg & others), 877
Viability of the retained bone core in the Core-Vent dental implant (Lum & Beirne), 341
Zygomatic augmentation with hydroxylapatite (Waite & Matukas), 349
infantile cortical hyperostosis
Infantile cortical hyperostosis: report of two cases (Zachariades & others), 644
infections
Aeromonas infection following facial injury (Johnson & others), 563
Case 60: preauricular mass [clinicopathologic conferences] (Chuong & Goldberg), 214
Cervical necrosis and sinus tract formation secondary to a dentoalveolar infection: report of a case (Bianchi & others), 894
Disseminated intravascular coagulation associated with infection secondary to carcinoma of the maxillary sinus (Saito & others), 917
The evaluation of host defensive function on oral bacterial infections. Part 3. Peripheral blood neutrophil function of patients with refractory infections [abstract], 165
The eyes as a portal of entry for hepatitis and other infectious diseases [abstract] (Hupp), 336
Lethal outbreak of hepatitis B in a dental practice [abstract] (McKenna), 1023
Mucormycosis of the mandible (Brown & Finn), 132
Oral candidiasis as a marker for esophageal candidiasis in the acquired immunodeficiency syndrome [abstract] (Uram), 752
Propagation of histoplasmosis [letter] (Rohrer; Hupp), 170
Submandibular space abscess due to *Actinobacillus actinomycetemcomitans* (Salman & others), 1002
Survival of herpes simplex virus on dental handpieces [abstract] (Mosby), 838
Tuberculosis of the jaws (Sepheriadou-Mavropoulou & Yannoulopoulos), 158
Use of soft tissue radiographs for assessing impending airway obstruction in head and neck infections (Assael & McCravy), 398
inferior alveolar nerve
Cross mental nerve graft for restoration of lip sensation after inferior alveolar nerve damage: report of case (Kaban & Upton), 649
Dysesthesia of the lingual and inferior alveolar nerves following third molar surgery (Alling), 454
Fascicular characteristics of the human inferior alveolar nerve (Svane & others), 431
Indications for microsurgical correction of the injured inferior alveolar nerve [letter] (Hayward; Mozsary), 88
informed consent
Doctor's duty to inform patient of substantial or special risks when offering treatment [abstract] (Stoll), 165
Telling it like it is [editorial] (Laskin), 757
insurance
Just one rotten apple [editorial] (Laskin), 1
Professional liability crisis [letter] (Marks), 340
To pay or not to pay? [letter] (Goldberg), 592
intermaxillary fixation
Acute angioedema during maxillomandibular fixation: a possible life-threatening situation (Bianco & others), 224
New direct bonding bracket for oral surgery. Part II. Clinical application [abstract] (Nakajima), 83
Relapse following mandibular advancement with dental plus skeletal maxillomandibular fixation (Ellis & Gallo), 509
intubation
A clinical sign to predict difficult tracheal intubation: a prospective study [abstract] (Miller), 420
Esophageal intubation: a review of detection techniques [abstract] (McKenna), 1026
Fiberoptic endotracheal intubation in oral and maxillofacial surgery (Stella & others), 923

Pericranial fixation of the nasotracheal tube (Altemir), 585
A study of endotracheal tube injury to the subglottis [abstract] (Kootman), 586
isoflurane
Isoflurane in pediatric anaesthesia [abstract] (Hupp), 335

J

jaw reconstruction
Bilateral microvascular free iliac grafts for mandibular reconstruction in intractable osteomyelitis: report of case (Head & others), 724
Excision of sclerosing osteomyelitis and reconstruction with particulate hydroxylapatite (Block & others), 244
Functional oromandibular reconstruction with the microvascular composite groin flap [abstract] (Harris), 750
Mandibular reconstruction: new concepts [abstract] (Young), 1026
Mandibular reconstruction with a microvascular free groin osteocutaneous graft based on the deep circumflex iliac vessels (Takada & others), 660
Mandibular reconstruction with microvascular bone transfer [abstract] (Whitestone), 754
Reconstruction procedures of jaw bones by using reimplantation of resected jaw portion treated by freezing and warming [abstract] (Nakajima), 587
Revascularized iliac bone grafts for mandibular reconstruction [abstract] (Frenwick), 496
Titanium plasma-sprayed (TPS) screw implants for the reconstruction of the edentulous mandible (Babbush & others), 274

K

ketamine
The effect of ketamine on the functional residual capacity in young children [abstract] (Paulette), 166

L

laboratory tests
The usefulness of preoperative laboratory screening [abstract] (Hupp), 166
lacrimal apparatus
Computed tomography of the inferomedial orbit and the lacrimal drainage apparatus: normal and pathologic anatomy [abstract] (McKenna), 753
Nasolacrimal obstruction in craniofacial surgery [abstract] (Meador), 837
laser
Benign lesions of the nose, oral cavity and oropharynx in children: Excision by carbon dioxide laser [abstract] (Sperber), 417
Comparison of depth and profile of osteotomies performed by rapid superpulsed and continuous-wave CO2 laser beams at high power output (Clauser), 425
Use of CO2 laser for gingivectomy in a patient with Sturge-Weber disease complicated by dilantin hyperplasia (Hylton), 646
Le Fort osteotomy
Clinical versus statistical significance [letter] (Peterson; Thrash & Zysset), 676
Facial changes associated with surgical advancement of the lip and maxilla (Carlotti & others), 593
Incidence of maxillary sinusitis following Le Fort I maxillary osteotomy (Bell & others), 100
Photodensitometric evaluation of osseous repair following Le Fort I osteotomy (Schantz & others), 977
Potential problems with intranasal suspension wires [letter] (Eppley), 934
Pterygoid plate fractures caused by Le Fort I osteotomy [abstract] (Young), 1025
Sensory nerve morbidity following Le Fort I osteotomy [abstract] (Fridrich), 928
Vomerine-piriform wiring in total maxillary advancement (Kreutz), 248
leiomyosarcoma
Case 62: expansile radiolucent lesion of the mandible (Bass & others), 799
LETTERS
Akinosi or Vazirani technique? (Hupp), 758
The anesthesia team for ambulatory patients (McCarthy), 340
Clinical versus statistical significance (Peterson; Thrash & Zysset), 676
Composition of the anesthesiology team (Barbee; Cheek; McCarthy), 844
Experience of orthodontic residents with orthognathic surgery patients (Moshiri), 424
Eye injury during surgery (Casino), 424
Indications for microneurosurgery (Meyer), 758
Indications for microsurgical correction of the injured inferior alveolar nerve (Hayward; Mozsary), 88
Licensure of specialists (Wilson), 424
More on the trigeminal nerve (Marks), 592
Origin of nasal packing technique (Burke), 256
A plea for the practitioner (Wright), 758
Potential problems with intranasal suspension wires (Eppley), 934
Problems beyond the powers of OMSPAC (Wohar), 256
Professional liability crisis (Marks), 340
Propagation of histoplasmosis (Rohrer; Hupp), 170
A split decision (Mercier; Carleton), 676
A traumatic experience (Hiatt), 170
The Triumphant trigeminal nerve (Hayward), 2
To pay or not to pay? (Goldberg), 592
Use of steroids during orthognathic surgery (Bourke; Schaberg), 2
Why change the political process? (Dolinsky; Small; Friedman), 502
lichen planus
Erosive lichen planus of the tongue treated by cryosurgery (Loitz & O'Leary), 580
Immunohistochemical study of oral lichen planus [abstract] (Nakajima), 334
lidocaine
Anaphylactic reaction to lidocaine [abstract] (Muller), 1025
Comparison of etidocaine and lidocaine for control of intra- and post-operative bleeding and pain (Siske), 16
An echocardiographic study of patients with cardiovascular disease during dental treatment using local anesthesia (Hirota & others), 116
Inhibition of postoperative pain by continuous low-dose intravenous infusion of lidocaine [abstract] (McKenna), 417
lingual nerve
Dysesthesia of the lingual and inferior alveolar nerves following third molar surgery (Alling), 454
lips
Chondroid syringoma of the upper lip: report of case (Triantafyllou & Rapidis), 744
Cross mental nerve graft for restoration of lip sensation after inferior alveolar nerve damage: report of case (Kaban & Upton), 649
Facial changes associated with surgical advancement of the lip and maxilla (Carlotti & others), 593
Lip injury guard [abstract] (Lamping), 166
Miescher's granulomatous cheilitis: literature review and report of a case (Hernandez & Lucas), 474
Mucoepidermoid carcinoma of the lower lip: report of a case (Pizer & Dubois), 900
Reconstruction of the lower lip following pig bites: report of two cases (Metlich & others), 478
Secondary management of premaxilla in bilateral cleft lip and palate patients (Eppley & others), 987
Sialolithiasis of a labial salivary gland (Azab & Talaat), 145
Total reconstruction of the "end stage" cleft lip and palate deformity [abstract] (Harris), 419
Total reconstruction of the "end stage" cleft lip and palate deformity [abstract] (Midtling), 751
local anesthesia
Akinosi or Vazirani technique? [letter] (Hupp), 758
Anaphylactic reaction to lidocaine [abstract] (Muller), 1025
Cardiovascular, biochemical and hormonal responses to intravenous sedation with local analgesia versus general anesthesia in patients undergoing oral surgery (Hempenstall & others), 441
Comparison of etidocaine and lidocaine for control of intra- and post-operative bleeding and pain (Siske), 16
An echocardiographic study of patients with cardiovascular disease during dental treatment using local anesthesia (Hirota & others), 116
Evaluation of the Akinosi mandibular block technique in oral surgery (Sisk), 113
Inhibition of postoperative pain by continuous low-dose intravenous infusion of lidocaine [abstract] (McKenna), 417
ludwig's angina
Ludwig's angina: the anaesthetic management of nine cases [abstract] (Meador), 83
lymph nodes
False-positive and false-negative neck nodes [abstract] (Hupp), 751
lymphoma
Malignant lymphoma of the palate: report of two cases (Al-Soudani & Matukas), 811
Primary lymphoma of the mandible [abstract] (Hupp), 670

M

magnetic resonance
Magnetic resonance imagery versus computed tomography. Comparison in imaging oral cavity and pharyngeal carcinomas [abstract] (Primley), 750
Magnetic resonance imaging of the temporomandibular joint using a surface coil (Wilk & others), 935
malignant hyperthermia
Masseter muscle rigidity and malignant hyperthermia susceptibility [abstract] (McKenna), 839
malignant melanoma
Cutaneous malignant melanoma in association with other skin cancers [abstract] (Luna), 334
malpractice
Doctor's duty to inform patient of substantial or special risks when offering treatment [abstract], 165
A plea for the practitioner [letter] (Wright), 758
Telling it like it is [editorial] (Laskin), 757

mandibular advancement
Mandibular advancement [abstract] (Dolan), 250
Occlusal force after mandibular advancement in adult Rhesus monkeys (Dechow & Carlson), 887
Relapse after rigid fixation of mandibular advancement (Van Sickels & others), 698
Relapse following mandibular advancement with dental plus skeletal maxillomandibular fixation (Ellis & Gallo), 509
mandibular height
A method for determining anterior mandibular height using a radiographic paralleling measuring system (Hadeed & others), 188
mandibular movement
A case of pseudoankylosis between the pterygoid plate and mandible (Super & Cotton), 467
Computed tomographic findings in patients with limited jaw movement due to myositis ossificans progressiva (Nunnelly & Yussen), 818
The effect of physical rehabilitation on mandibular function after ramus osteotomies (Storum & Bell), 94
Mandibular dysfunction in adolescents. Part I. Prevalence of symptoms [abstract] (McKenna), 928
Mandibular dysfunction in adolscents. II. Prevalence of signs [abstract] (McKenna), 1023
Three-dimensional prediction of mandibular movement in the treatment of prognathism (Ueda & others), 30
mandibular nerve
Repair of the mandibular nerve by autogenous grafting after partial resection of the mandible (Noma & others), 31
mandibular staple bone plate
Clinical evaluation of ramus frame and staple bone implants [abstract] (Murphy), 670
A sixteen-year evaluation of the mandibular staple bone plate (Small & Misiek), 60
masticator space
The masticator space: the influence of CT scanning on therapy [abstract] (Kootman), 588
maxillary advancement
Facial changes associated with surgical advancement of the lip and maxilla (Carlotti & others), 593
maxillary sinus
Disseminated intravascular coagulation associated with infection secondary to carcinoma of the maxillary sinus (Saito & others), 917
Incidence of maxillary sinusitis following Le Fort I maxillary osteotomy (Bell & others), 100
Stone basket retrieval of foreign bodies from the maxillary sinus (White), 247
mental nerve
Cross mental nerve graft for restoration of lip sensation after inferior alveolar nerve damage: report of case (Kaban & Upton), 649
metastases
Adenocarcinoma of the pancreas metastatic to the mandible (Freilich), 735
Breast carcinoma metastatic to the gingiva (Eckardt & Nommels), 902
Carcinoma of the prostate metastatic to the mandibular condyle mimicking a parotid tumor (Thatcher), 394
Condylar metastasis with initial presentation as TMJ syndrome [abstract] (Mosby), 838
Esophageal carcinoma metastatic to the oral cavity (Sokolosky & others), 825
Metastatic hemangioendotheliosarcoma of the mandible: report of case (Sengun & others), 806
methadone
A double-blind comparison of the efficacy of methadone and morphine in postoperative pain control [abstract] (Miller), 838
microsomia
Classification and treatment of hemifacial microsomia [abstract] (Meador), 420
midazolam
Arterial blood gas levels after midazolam or diazepam administered with or without fentanyl as an intravenous sedative for outpatient surgical procedures (Tucker & others), 688
Cerebrovascular and cerebral metabolic effects of physostigmine, midazolam, and a benzodiazepine antagonist [abstract] (McKenna), 1023
A comparative study of intravenous diazepam and midazolam for oral surgery (Clark & Rodrigo), 860
Midazolam as an intravenous induction agent in the elderly [abstract] (McKenna), 669
minocycline
Oral pigmentation secondary to minocycline therapy (Beehner & others), 582
monoamine oxidase inhibitors
Stress-induced hypertensive reaction in a patient receiving monoamine oxidase inhibitors: report of a case (Kloberdanz & others), 830
morphine
A double-blind comparison of the efficacy of methadone and morphine in postoperative pain control [abstract] (Miller), 838
mucormycosis
Mucormycosis of the mandible (Brown & Finn), 132
myositis ossificans progressiva
Computed tomographic findings in patients with limited jaw movement due to myositis ossificans progressiva (Nunnelly & Yussen), 818

N

neck dissections
An animal model for advanced microsurgical training (Eppley & Delfino), 833
The cutaneous blood supply of the neck: relevance to incision planning and surgical reconstruction [abstract] (Chayra), 335
necrotizing sialometaplasia
Necrotizing sialometaplasia obscuring an underlying malignancy: report of a case (Poulson & others), 570
Necrotizing sialometaplasia: a case with metachronous lesions (Rossie & others), 1006
needle aspiration
Spontaneous resolution of a central vascular lesion of the mandible following needle aspiration (Nelson & others), 731
nerve blocks
Akinosi or Vazirani technique? [letter] (Hupp), 758
Evaluation of the Akinosi mandibular block technique in oral surgery (Sisk), 113
nerve graft
Cross mental nerve graft for restoration of lip sensation after inferior alveolar nerve damage: report of case (Kaban & Upton), 649
Fascicular characteristics of the human inferior alveolar nerve (Svane & others), 431
Repair of the mandibular nerve by autogenous grafting after partial resection of the mandible (Noma & others), 31
nitrous oxide
Central beta-endorphin release and recovery after exposure to nitrous oxide in rats (Zuniga & others), 714
Is nitrous oxide a dangerous anesthetic for vitamin B12 deficient subjects? [abstract] (Calhoun), 839
nodular fasciitis
Nodular fasciitis: a case report (Robertson & others), 236
nose
The axial frontonasal flap revisited [abstract] (Harris), 586
Bilateral nasal mucoperiosteal flaps in bilateral cleft palate repair [abstract], 419
Nasal fractures in children: influence on development of the nose [abstract] (Whitlow), 418
Origin of nasal packing tecknique (Burke), 256

O

odontogenic tumors
Ameloblastic fibro-odontoma: report of case (Hawkins & Sadeghi), 1014
Ameloblastoma accompanied by prominent bone formation (Okada & others), 555
Ameloblastoma in childhood (Keszler & Dominguez), 609
A clinicopathologic study of ameloblastoma (Ueno & others), 361
Combined epithelial odontogenic tumor—adenomatoid odontogenic tumor and calcifying epithelial odontogenic tumor: report of a case (Bingham & Adrian), 574
Odontoameloblastoma (Gupta & Gupta), 146
Peripheral ameloblastoma resembling a papilloma: report of case (Kaneko & Ueno), 737
oral and maxillofacial surgeons
Drink to me only with thine eyes [editorial] (Laskin), 423
Drug abuse in oral and maxillofacial training programs (Rosenberg), 458
How oral surgeons learn: an epistemological investigation (Sadowsky & Kunzel), 794
Licensure of specialists [letter] (Wilson), 424
The making of a surgeon [editorial] (Laskin), 255
The right stuff [editorial] (Laskin), 87
Who are we (Laskin), 675
oral mucosa
Healing following full thickness excision of human palatal mucosa [abstract] (Shamaskin), 418
Oral mucosal disorders in denture wearers [abstract] (Stoll), 83
Reversed dermis graft for reconstruction of oral mucosa [abstract] (Nakajima), 83
orthognathic surgery
Controlled hypotension for orthognathic surgery [abstract] (McKenna), 1023
Experience of orthodontic residents with orthognathic surgery patients [letter] (Moshiri), 424
Facial changes associated with surgical advancement of the lip and maxilla (Carlotti & others), 593
Hydroxylapatite blocks and particles as bone graft substitutes in orthognathic and reconstructive surgery (Kent & others), 597
Mandibular advancement [abstract] (Dolan), 250
Occlusal force after mandibular advancement in adult Rhesus monkeys (Dechow & Carlson), 887
Postoperative pneumomediastinum and pneumothorax following orthognathic surgery (Edwards & others), 137
Prevention of the misdirected sagittal split (Carleton & others), 81
Relapse after rigid fixation of mandibular advancement (Van Sickels & others), 698
Relapse following mandibular advancement with dental plus skeletal maxillomandibular fixation (Ellis & Gallo), 509

Satisfaction of patients following surgical-orthodontic correction of skeletal class III malocclusions (Nagamine & others), 944
Simultaneous repositioning of the maxilla, mandible and chin [abstract] (Buckley), 669
Soft tissue profile changes associated with orthognathic surgery for bimaxillary protrusion (Nadkarni), 851
Three-dimensional prediction of mandibular movement in the treatment of prognathism (Ueda & others), 30
Use of steroids during orthognathic surgery [letter] (Bourke; Schaberg), 2

osseointegrated implants

Osseointegration in maxillofacial prosthetics. Part I: intraoral applications [abstract] (Murphy), 1024

Temperatures during drilling for the placement of implants using the osseointegration technique (Eriksson & Adell), 4

osteoarthritis

Osteoarthritis and internal derangement of the temporomandibular joint: a light microscopic study (de Bont & others), 634

osteoblastoma

Osteoblastoma of the jaw bones. Report of two cases and review of the literature [abstract], 837

osteomyelitis

Bilateral microvascular free iliac grafts for mandibular reconstruction in intractable osteomyelitis: report of case (Head & others), 724
Excision of sclerosing osteomyelitis and reconstruction with particulate hydroxylapatite (Block & others), 244
Management of osteomyelitis and nonunion of the mandible ina patient with progressive systemic sclerosis (Ilacqua & Murphy), 561

osteoporosis

Focal osteoporotic bone marrow defects of the jaws (Makek & Lello), 268

osteoradionecrosis

Osteoradionecrosis of the jaws (Marciani & Ownby), 218

osteosarcoma

Osteogenic sarcoma of the jaw in an African community (Ajagbe & others), 104
Osteosarcoma of the mandible: analysis of nine cases (Lindqvist & others), 759
Osteosarcoma of the mandibular condyle (Abubaker & others), 126

osteotomy

Clinical versus statistical significance [letter] (Peterson; Thrash & Zysset), 676
Comparison of depth and profile of osteotomies performed by rapid superpulsed and continuous-wave CO2 laser beams at high power output (Clauser), 425
Complications related to the intraoral vertical ramus osteotomy [abstract] (Chayra), 752
The effect of physical rehabilitation on mandibular function after ramus osteotomies (Storum & Bell), 94
Facial changes associated with surgical advancement of the lip and maxilla (Carlotti & others), 593
Incidence of maxillary sinusitis following Le Fort I maxillary osteotomy (Bell & others), 100
Long-term neurosensory deficits following transoral vertical ramus and sagittal split osteotomies for mandibular prognathism (Zaytoun & others), 193
Modification of the maxillary step osteotomy and stabilization with titanium mesh (Stringer & Boyne), 487
Modification of the palatal vault osteotomy (Tiner & others), 489
Photodensitometric evaluation of osseous repair following Le Fort I osteotomy (Schantz & others), 977
Potential problems with intranasal suspension wires [letter] (Eppley), 934
Prevention of the misdirected sagittal split (Carleton & others), 81
Pterygoid plate fractures caused by Le Fort I osteotomy [abstract] (Young), 1025
Relapse after rigid fixation of mandibular advancement (Van Sickels & others), 698
Relapse following mandibular advancement with dental plus skeletal maxillomandibular fixation (Ellis & Gallo), 509
Rigid noncompressive pin fixation of the mandibular sagittal split osteotomy (Gingrass & Messer), 413
Satisfaction of patients following surgical-orthodontic correction of skeletal class III malocclusions (Nagamine & others), 944
Sensory nerve morbidity following Le Fort I osteotomy [abstract] (Fridrich), 928
A split decision [letter] (Mercier; Carleton), 676
Stability of the mandible after sagittal ramus osteotomy for correction of prognathism (Kobayashi & others), 693
The "three-piece" osteotomy and interpositional bone graft for augmentation of the atrophic mandible (Egbert & others), 680
Vomerine-piriform wiring in total maxillary advancement (Kreutz), 248
Wound healing associated with segmental total maxillary osteotomy (Quejada & others), 366

P

pain

A double-blind comparison of the efficacy of methadone and morphine in postoperative pain control [abstract], 838
Comparison of etidocaine and lidocaine for control of intra- and post-operative bleeding and pain (Siske), 16
Comparison of etodolac, zomepirac, and placebo for relief of pain after oral surgery (Giglio & Campbell), 765
Internal derangement of the temporomandibular joint: radiographic and histologic changes associated with severe pain (Isacsson & others), 771

palate

Bilateral nasal mucoperiosteal flaps in bilateral cleft palate repair [abstract] (Golden), 419
Epidermoid cyst of the uvula: report of a case (Yoshinari & Nagayama), 828
Healing following full thickness excision of human palatal mucosa [abstract] (Shamaskin), 418
Interaction between epidermal growth factor and triamcinolone acetonide in mouse palatal mesenchymal cells in vitro [abstract] (Eschenroeder), 752
Malignant lymphoma of the palate: report of two cases (Al-Soudani & Matukas), 811

Modification of the palatal vault osteotomy (Tiner & others), 489

Palatal swellings associated with multilesional disorders: report of cases (Miles & Wright), 666
Secondary management of premaxilla in bilateral cleft lip and palate patients (Eppley & others), 987
A technique for obturating palatal fistulas [abstract] (Golden), 587
Total reconstruction of the "end stage" cleft lip and palate deformity [abstract] (Harris), 419

Total reconstruction of the "end stage" cleft lip and palate deformity [abstract] (Midtling), 751

papilloma

Peripheral ameloblastoma resembling a papilloma: report of case (Kaneko & Ueno), 737

paranasal sinuses

Aspergillosis of the paranasal sinuses [abstract] (Throndson), 494
Carcinoma of the paranasal sinuses: results of a prospective pilot study [abstract] (Luna), 251

Computed tomography of the face and paranasal sinuses: Part II. Abnormal anatomy and pathologic conditions [abstract] (Hupp), 250; 334

Disseminated intravascular coagulation associated with infection secondary to carcinoma of the maxillary sinus (Saito & others), 917
Incidence of maxillary sinusitis following Le Fort I maxillary osteotomy (Bell & others), 100
Stone basket retrieval of foreign bodies from the maxillary sinus (White), 247

parotid gland

Carcinoma of the prostate metastatic to the mandibular condyle mimicking a parotid tumor (Thatcher), 394
Case 60: preauricular mass [clinicopathologic conferences] (Chuong & Goldberg), 214

penicillin

Ampicillin concentrations in human serum, gingiva, mandibular bone, dental follicle, and dental pulp following a single oral administration of bacampicillin (Akimoto & others), 107
Buccal cellulitis in an infant due to ampicillin-resistant Hemophilus influenzae (Taylor & Carter), 234

pentobarbital

Pharmacokinetics of high-dose pentobarbital in severe head trauma [abstract] (Murphy), 495

pharynx

Magnetic resonance imagery versus computed tomography. Comparison in imaging oral cavity and pharyngeal carcinomas [abstract] (Primley), 750
Methods of assessing speech in relation to velopharyngeal function [abstract] (Golden), 417
Ultrasonic assessment of nasopharyngeal function in cleft palate patients. Part II. Application to postoperative patients with nasopharyngeal insufficiency [abstract] (Nakajima), 250

pheochromocytoma

Pheochromocytoma: case report and review of diagnosis and treatment (Albert & Howerton), 657

physostigmine

Cerebrovascular and cerebral metabolic effects of physostigmine, midazolam, and a benzodiazepine antagonist [abstract] (McKenna), 1023
Rectal methohexitone induction in pediatric outpatients: physostigmine does not enhance recovery [abstract] (Miller), 586

plasmapheresis

Council on Scientific Affairs current status of therapeutic plasmapheresis and related techniques [abstract] (Hupp), 84

platelets

Influence of calcium-channel blockers on platelet function and arachidonic acid metabolism [abstract] (Goldenstein), 495
Thrombotic thrombocytopenia purpura (Nishioka & others), 740

pneumomediastinum and pneumothorax

Pneumomediastinum and subcutaneous cervical emphysema during third molar extraction under general anesthesia (Aragon & others), 141
Postoperative pneumomediastinum and pneumothorax following orthognathic surgery (Edwards & others), 137

pneumonitis

Aspiration pneumonitis: predisposing conditions and prevention (Kinni & Stout), 378

preprosthetic surgery

Modified splint for preprosthetic surgery (Keane & Sykes), 1021
Prosthodontists' preferences in preprosthetic surgery (Meador & others), 779

profile analysis
Profile planning based on alterations in the positions of the bases of the facial thirds (Obwegeser & Marentette), 302
Soft tissue profile changes associated with orthognathic surgery for bimaxillary protrusion (Nadkarni), 851
prognathism
Long-term neurosensory deficits following transoral vertical ramus and sagittal split osteotomies for mandibular prognathism (Zaytoun & others), 193
Stability of the mandible after sagittal ramus osteotomy for correction of prognathism (Kobayashi & others), 693
Three-dimensional prediction of mandibular movement in the treatment of prognathism (Ueda & others), 30
progressive systemic sclerosis
Management of osteomyelitis and nonunion of the mandible in a patient with progressive systemic sclerosis (Ilacqua & Murphy), 561
prostaglandins
Influence of calcium-channel blockers on platelet function and arachidonic acid metabolism [abstract] (Goldenstein), 495
Inhibition of prostaglandin synthesis by indomethacin interacts with antihypertensive effect of atenolol [abstract] (Murphy), 586
pterygoid plate
A case of pseudoankylosis between the pterygoid plate and mandible (Super & Cotton), 467
Pterygoid plate fractures caused by Le Fort I osteotomy [abstract] (Young), 1025
pterygomaxillary region
Surgical approach to the pterygomaxillary region (Pogral & Kaplan), 183
publications
Guidelines on authorship of medical papers [abstract] (Uram), 927
A word about words [editorial] (Laskin), 501

R

radiation therapy and irradiation
Alveolar wound healing after x-irradiation: a histologic, radiographic, and histometric study (Guglielmotti & others), 972
Irradiated mandibular autografts update [abstract] (Throndson), 926
Mantle irradiation of the major salivary glands [abstract] (Murphy), 496
Osteoradionecrosis of the jaws (Marciani & Ownby), 218
The role of radical surgery and post-operative radiotherapy in the management of intra-oral carcinoma [abstract] (Shamaskin), 493
The use of the pectoralis major musculocutaneous flap in the cervicomaxillofacial surgery of irradiated patients [abstract], 837
Treatment of recurrent eosinophilic granuloma of the mandible following radiation therapy (Whitcher & Webb), 565
renal failure
Acute renal failure in the surgical patient: initial diagnosis and treatment (Cook & Yamada), 719
retrognathia
Mandibular advancement [abstract] (Dolan), 250
Occlusal force after mandibular advancement in adult Rhesus monkeys (Dechow & Carlson), 887
Relapse after rigid fixation of mandibular advancement (Van Sickels & others), 698
Relapse following mandibular advancement with dental plus skeletal maxillomandibular fixation (Ellis & Gallo), 509

S

sagittal split ramus osteotomy
The effect of physical rehabilitation on mandibular function after ramus osteotomies (Storum & Bell), 94
Long-term neurosensory deficits following transoral vertical ramus and sagittal split osteotomies for mandibular prognathism (Zaytoun & others), 193
Prevention of the misdirected sagittal split (Carleton & others), 81
Relapse after rigid fixation of mandibular advancement (Van Sickels & others), 698
Relapse following mandibular advancement with dental plus skeletal maxillomandibular fixation (Ellis & Gallo), 509
Rigid noncompressive pin fixation of the mandibular sagittal split osteotomy (Gingrass & Messer), 413
Satisfaction of patients following surgical-orthodontic correction of skeletal class III malocclusions (Nagamine & others), 944
A split decision [letter] (Mercier; Carleton), 676
Stability of the mandible after sagittal ramus osteotomy for correction of prognathism (Kobayashi & others), 693
salivary glands
Accuracy of frozen-section diagnosis in salivary gland lesions [abstract] (Hupp), 494
Accuracy of frozen-section diagnosis in salivary gland neoplasms [abstract] (Hupp), 1023
Mantle irradiation of the major salivary glands [abstract] (Murphy), 496
Myoepithelial cells in salivary gland tumors [abstract] (Hupp), 249
Necrotizing sialometaplasia: a case with metachronous lesions (Rossie & others), 1006
Necrotizing sialometaplasia obscuring an underlying malignancy: report of a case (Poulson & others), 570
Salivary gland tumors [abstract] (Luna), 249
Sialadenoma papilliferum: report of case and review of literature (Mitre), 469
Sialolithiasis of a labial salivary gland (Azab & Talaat), 145
sarcoma
Case 62: expansile radiolucent lesion of the mandible (Bass & others), 799
Granulocytic sarcoma of the mandible (Timmis & others), 814
Metastatic hemangioendotheliosarcoma of the mandible: report of case (Sengun & others), 806
Osteogenic sarcoma of the jaw in an African community (Ajagbe & others), 104
Osteosarcoma of the mandible: analysis of nine cases (Lindqvist & others), 759
Osteosarcoma of the mandibular condyle (Abubaker & others), 126
scleroderma
Management of osteomyelitis and nonunion of the mandible ina patient with progressive systemic sclerosis (Ilacqua & Murphy), 561
sialolithiasis
Sialolithiasis of a labial salivary gland (Azab & Talaat), 145
sinusitis
Incidence of maxillary sinusitis following Le Fort I maxillary osteotomy (Bell & others), 100
skin cancer
Cutaneous malignant melanoma in association with other skin cancers [abstract], 334
skin graft
Autogenous dermal grafts for repair of temporomandibular joint disc perforations (Tucker & others), 781
The axial frontonasal flap revisited [abstract] (Harris), 586
Development of exostoses following skin graft vestibuloplasty: report of a case (Siegel & Pappas), 483
Experimental use of fibrin sealant for skin graft fixation in mandibular vestibuloplasty (Gregory & Schaberg), 171
Revascularization of reversed dermis grafts (Ueda & others), 534
Reversed dermis graft for reconstruction of oral mucosa [abstract] (Nakajima), 83
The use of the pectoralis major musculocutaneous flap in the cervicomaxillofacial surgery of irradiated patients [abstract], 837
skin preparation
Development of a safe and effective one-minute preoperative skin preparation [abstract] (Silverberg), 754
smoking
Patterns of use and incidence of smokeless tobacco consumption in school-aged children [abstract] (Mulier), 587
Where there's smokeless, there's also fire [editorial] (Laskin), 339
speech
Methods of assessing speech in relation to velopharyngeal function [abstract] (Golden), 417
Speech consideration in prosthodontic rehabilitation of the glossectomized patient [abstract] (Payne), 420
splints
Modified splint for preprosthetic surgery (Keane & Sykes), 1021
A two-piece surgical splint to facilitate hydroxylapatite augmentation of the mandibular alveolar ridge (Lambert), 329
Use of an open splint in ridge augmentation with hydroxylapatite (Pham), 80
squamous cell carcinoma
Carcinoma of the tongue in an adolescent: a case report and review of literature (Chapman), 391
Epithelial dysplasia immediately adjacent to oral squamous cell carcinomas [abstract] (Chayra), 493
Familial occurrence of cancer of the mouth (Tashiro & others), 322
Mandibular involvement by oral squamous cell carcinoma [abstract] (Harris), 669
The role of radical surgery and post-operative radiotherapy in the management of intra-oral carcinoma [abstract] (Shamaskin), 493
Squamous cell carcinoma of the head and neck in patients under 40 years of age [abstract] (Primley), 749
Studies on growth inhibitory effects of EGF on oral squamous cell carcinoma [abstract] (Nakajima), 165
sternoclavicular joint
Histologic comparison of the costochondral, sternoclavicular, and temporomandibular joints during growth in *Macaca mulatta* (Ellis & Carlson), 312
steroids
Modified injury severity scale and concurrent steroid therapy: independent correlates of negative nitrogen balance in pediatric trauma [abstract] (Newland), 752
An uncommon adverse effect following bolus administration of intravenous dexamethasone [abstract] (Calhoun), 927
Use of steroids during orthognathic surgery [letter] (Bourke; Schaberg), 2
Sturge-Weber disease
Use of CO2 laser for gingivectomy in a patient with Sturge-Weber disease complicated by dilantin hyperplasia (Hylton), 646

T

temperatures
Effects of temperature on blood flow in facial tissues (Kwon & others), 790
Freeze treatment of the monkey mandibular condyle (Marciani & others), 50

Temperatures during drilling for the placement of implants using the osseointegration technique (Eriksson & Adell), 4

temporomandibular joint

Autogenous dermal grafts for repair of temporomandibular joint disc perforations (Tucker & others), 781

A case of pseudoankylosis between the pterygoid plate and mandible (Super & Cotton), 467

Chondromatosis of the temporomandibular joint arising in the meniscus (Silver & others) 70

Comparative study of alloplastic materials for temporomandibular joint disc replacement in rabbits (Timmis & others), 541

Comparative study of two treatment methods for internal derangement of temporomandibular joint [abstract] (Payne), 251

Condylar metastasis with initial presentation as TMJ syndrome [abstract] (Mosby), 838

Development of anterior disc displacement in the temporomandibular joint: an autopsy study [abstract] (Payne), 250

Discectomy and synovectomy of the temporomandibular joint in the treatment of rheumatoid arthritis: case report with three-year follow-up study (Haaenes & others), 905

Discectomy in the treatment of anterior disc displacement of the temporomandibular joint. A clinical and radiologic one-year follow-up study [abstract] (Paolino), 751

Experiences with a polymer glenoid fossa prosthesis for partial or total temporomandibular joint reconstruction (Kent & others), 520

Extrinsic trauma: a significant precipitating factor in temporomandibular dysfunction [abstract] (Payne), 249

Free vascularized whole joint transplant for reconstruction of the temporomandibular joint (Dattilo & others), 227

Freeze treatment of the monkey mandibular condyle (Marciani & others), 50

Healing following meniscoplasty, eminectomy, and high condylectomy in the monkey temporomandibular joint (Hall & others), 177

Healing of surgical incisions in the disc and retrodiscal tissue of the rabbit temporomandibular joint (Wallace & Laskin), 965

Heterotopic ossification of the temporomandibular joint in a burn patient (Rubin & Cozzi), 897

High-resolution computed tomography: Part 5. Evaluation of the temporomandibular joint [abstract] (Hupp), 493

Histologic comparison of the costochondral, sternoclavicular, and temporomandibular joints during growth in Macaca mulatta (Ellis & Carlson), 312

Histopathologic findings in temporomandibular joints of aged individuals [abstract] (Lamping), 166

Historical perspectives of temporomandibular surgery for internal disc derangements and arthropathy [abstract] (Hupp), 926

Inferior joint space arthrography of normal temporomandibular joints: reassessment of diagnostic criteria [abstract] (Muller), 1025

Internal derangement of the temporomandibular joint: radiographic and histologic changes associated with severe pain (Isacsson & others), 771

Magnetic resonance imaging of the temporomandibular joint using a surface coil (Wilk & others), 935

Management of patients with acute temporomandibular joint disorder [abstract] (Uram), 495

Mandibular dysfunction in 10-18 year old school children as related to morphological malocclusion [abstract] (Quigg), 418

Morbidity associated with temporomandibular joint arthrography in clinically normal joints (Lydiatt & others), 8

Myrhaug's operation for treating recurrent dislocation of the temporomandibular joint [abstract] (Hupp), 494

New design for silastic implants in temporomandibular joint surgery (Rippert & others), 163

Oblique head position in temporomandibular joint arthrography [abstract] (Throndson), 839

Observer performance in assessment of condylar position in temporomandibular joint radiograms [abstract] (Hupp), 166

Osteoarthritis and internal derangement of the temporomandibular joint: a light microscopic study (de Bont & others), 634

Posterior dislocation of the temporomandibular disc [abstract] (Chayra), 837

Radiographic and surgical evaluation of internal derangements the temporomandibular joint (Delfino & Eppley), 260

Reconstruction de l'articulation temporo-mandibulaire par prosthese totale intermedaire [abstract], 751

Revascularization of the rabbit temporomandibular joint after surgical intervention: a histologic and microangiographic study (Satko & Blaustein), 871

Temporomandibular joint arthrography of normal subjects: prevalence of pain with ionic versus nonionic contrast agents [abstract] (Throndson), 494

Temporomandibular joint arthroscopy (Goss & Bosanquet), 614

Three-dimensional computed tomographic analysis of the normal temporomandibular joint (Kursunoglu & others), 257

A three-dimensional developmental measurement of the temporomandibular joint [abstract], 670

A tomographic study of mandibular condyle position in an asymptomatic population [abstract] (Lamping), 494

tetanus

Clinical tetanus despite a "protective" level of toxin- neutralizing antibody [abstract] (McKenna), 839

thrombotic thrombocytopenia purpura

Thrombotic thrombocytopenia purpura (Nishioka & others), 740

tissue expanders

Effects of different shaped tissue expanders on transluminal pressure, oxygen tension, histopathologic changes and skin expansion in pigs [abstract] (Burger), 587

Use of a soft tissue expander in alveolar ridge augmentation: a preliminary report (Lew & others), 516

tongue

Carcinoma of the tongue in an adolescent: a case report and review of literature (Chapman), 391

Case 61: tongue mass in an infant [clinicopathologic conferences] (Herzog & others), 463

Chondroma of the tongue (Ling), 156

Erosive lichen planus of the tongue treated by cryosurgery (Loitz & O'Leary), 580

Familial occurrence of cancer of the mouth (Tashiro & others), 322

Golden tongue syndrome caused by *Ramichloridium schulzeri* [abstract] (Luna), 336

Speech consideration in prosthodontic rehabilitation of the glossectomized patient [abstract] (Payne), 420

Surgical treatment of early-stage carcinoma of the oral tongue—would adjuvant treatment be beneficial? [abstract] (Hupp), 1024

trachea

A clinical sign to predict difficult tracheal intubation: a prospective study [abstract] (Miller), 420

Dimensions of the growing trachea related to body height [abstract] (Ringgold), 251

tracheotomy

Avoiding problems in tracheotomy [abstract] (Wright), 669

tranexamic acid

Effect of local antifibrinolytic treatment with tranexamic acid in hemophiliacs undergoing oral surgery (Sindet-Pedersen & Stenbjerg), 703

traumatic injuries

Aeromonas infection following facial injury (Johnson & others), 563

Blindness after trauma insufficient to cause bony injury: case report and review of literature [abstract] (Fridrich), 928

Can general surgery improve the outcome of the head-injury victim in rural America? [abstract] (Silverberg), 586

Chain saw injury of the maxillofacial region (Marks & Fort), 240

Direct trauma to the superior oblique tendon following penetrating injuries of the upper eyelid [abstract] (Wright), 419

Extrinsic trauma: a significant precipitating factor in temporomandibular dysfunction [abstract] (Payne), 249

Failure of prophylactic barbiturate coma in the treatment of severe head injury [abstract] (Hackney), 335

Management of comminuted mandibular war injuries with multiple circumferential wires (Shuker), 152

Modified injury severity scale and concurrent steroid therapy: independent correlates of negative nitrogen balance in pediatric trauma [abstract] (Newland), 752

Penetrating injuries to the maxillofacial region (Cohen & Boyes-Varley), 197

Pharmacokinetics of high-dose pentobarbital in severe head trauma [abstract] (Murphy), 495

Three-dimensional computed tomography in maxillofacial trauma [abstract] (Day), 926

A traumatic experience [letter] (Hiatt), 170

trigeminal nerve

Indications for microneurosurgery [letter] (Meyer), 758

More on the trigeminal nerve [letter] (Marks), 592

Surgical management of trigeminal pain with radiofrequency lesions of peripheral nerves (Gregg & Small), 122

The triumphant trigeminal nerve [letter] (Hayward), 2

tuberculosis

Case 60: preauricular mass [clinicopathologic conferences] (Chuong & Goldberg), 214

Tuberculosis of the jaws (Sepheriadou-Mavropoulou & Yannoulopoulos), 158

tumors

Accuracy of frozen-section diagnosis in salivary gland lesions [abstract] (Hupp), 494

Accuracy of frozen-section diagnosis in salivary gland neoplasms [abstract] (Hupp), 1023

Adenocarcinoma of the pancreas metastatic to the mandible (Freilich), 735

Ameloblastic fibro-odontoma: report of case (Hawkins & Sadeghi), 1014

Ameloblastoma accompanied by prominent bone formation (Okada & others), 555

Ameloblastoma in childhood (Keszler & Dominguez), 609

Breast carcinoma metastatic to the gingiva (Eckardt & Nommels), 902

Carcinoma of the prostate metastatic to the mandibular condyle mimicking a parotid tumor (Thatcher), 394

Carcinoma of the tongue in an adolescent: a case report and review of literature (Chapman), 391

Case 60: preauricular mass [clinicopathologic conferences] (Chuong & Goldberg), 214

Case 61: tongue mass in an infant [clinicopathologic conferences] (Herzog & others), 463

Case 62: expansile radiolucent lesion of the mandible [clinicopathologic conferences] (Bass & others), 799

Chondroid syringoma of the upper lip: report of case (Triantafyllou & Rapidis), 744

Chondroma of the tongue (Ling), 156

Chondrosarcoma: a rare tumor of the jaws (Weiss & Bennett), 73
Chondrosarcoma arising from the zygomatic arch (Cook), 67
A clinicopathologic study of ameloblastoma (Ueno & others), 361
Combined epithelial odontogenic tumor—adenomatoid odontogenic tumor and calcifying epithelial odontogenic tumor: report of a case (Bingham & Adrian), 574
Condylar metastasis with initial presentation as TMJ syndrome [abstract] (Mosby), 838
Cutaneous malignant melanoma in association with other skin cancers [abstract] (Luna), 334
Desmoplastic fibroma of the mandible: literature review and report of three cases (Makek & Lello), 385
Familial occurrence of cancer of the mouth (Tashiro & others), 322
Giant cell tumor of the infratemporal fossa: report of case (Cook & others), 651
Granulocytic sarcoma of the mandible (Timmis & others), 814
Intraoral reconstruction of mandibular defects after tumor resection (Lello), 864
Magnetic resonance imagery versus computed tomography. Comparison in imaging oral cavity and pharyngeal carcinomas [abstract] (Primley), 750
Malignant fibrous histiocytoma in the maxilla: review of literature and report of a case (Block & others), 404
Malignant lymphoma of the palate: report of two cases (Al-Soudani & Matukas), 811
Metastatic hemangioendotheliosarcoma of the mandible: report of case (Sengun & others), 806
Mucoepidermoid carcinoma of the lower lip: report of a case (Pizer & Dubois), 900
Myoepithelial cells in salivary gland tumors [abstract] (Hupp), 249
Necrotizing sialometaplasia: a case with metachronous lesions (Rossie & others), 1006
Necrotizing sialometaplasia obscuring an underlying malignancy: report of a case (Poulson & others), 570
New test series for the functional evaluation of oral cavity cancer [abstract] (Hupp), 750
Odontoameloblastoma (Gupta & Gupta), 146
Ophthalmic manifestations of esthesioneuroblastoma [abstract] (Burger), 753
Osteoblastoma of the jaw bones. Report of two cases and review of the literature [abstract], 837
Osteogenic sarcoma of the jaw in an African community (Ajagbe & others), 104
Osteosarcoma of the mandible: analysis of nine cases (Lindqvist & others), 759
Osteosarcoma of the mandibular condyle (Abubaker & others), 126
Peripheral ameloblastoma resembling a papilloma: report of case (Kaneko & Ueno), 737
Pheochromocytoma: case report and review of diagnosis and treatment (Albert & Howerton) 657
Primary lymphoma of the mandible [abstract] (Hupp), 670
Recurrent cementifying fibroma (Wu & others), 229
Repair of the mandibular nerve by autogenous grafting after partial resection of the mandible (Noma & others), 31
Salivary gland tumors [abstract] (Luna), 249
Sialadenoma papilliferum: report of case and review of literature (Mitre), 469
Spontaneous resolution of a central vascular lesion of the mandible following needle aspiration (Nelson & others), 731
Statistical and pathological analysis of oral tumors in the Hong Kong Chinese [abstract] (Kenney), 1026
Studies on growth inhibitory effects of EGF on oral squamous cell carcinoma [abstract] (Nakajima), 165
Surgical complications in patients with head and neck cancer receiving chemotherapy [abstract] (Fridrich), 927
Where there's smokeless, there's also fire [editorial] (Laskin), 339
Xanthofibroma of the mandible (White & Makar), 1010

U

uvula
Epidermoid cyst of the uvula: report of a case (Yoshinari &Nagayama), 828

V

vascular lesions and malformations
Spontaneous resolution of a central vascular lesion of the mandible following needle aspiration (Nelson & others), 731
Superselective angiography with digital subtraction and embolization of a maxillary hemangioma in a patient with Eisenmenger's syndrome (Hupp), 910
Vascular anomalies of the maxillofacial region (Kaban & Mulliken), 203
velopharyngeal function
Methods of assessing speech in relation to velopharyngeal function [abstract] (Golden), 417
vertical ramus osteotomy
Complications related to the intraoral vertical ramus osteotomy [abstract] (Chayra), 752
Long-term neurosensory deficits following transoral vertical ramus and sagittal split osteotomies for mandibular prognathism (Zaytoun & others), 193
vestibuloplasty
Development of exostoses following skin graft vestibuloplasty: report of a case (Siegel & Pappas), 483
Experimental use of fibrin sealant for skin graft fixation in mandibular vestibuloplasty (Gregory & Schaberg), 171
vomer
A histological and ultrastructural study of wound healing after vomer resection in the beagle dog [abstract] (Eschenroeder), 669
Vomerine-piriform wiring in total maxillary advancement (Kreutz), 248

X

xerostomia
Use of an electronic stimulator for the treatment of dry mouth (Weiss & others), 845

Z

zomepirac
Comparison of etodolac, zomepirac, and placebo for relief of pain after oral surgery (Giglio & Campbell), 765
zygomatic complex
Fractures of the zygomatic complex (Chuong & Kaban), 283
Zygomatic augmentation with hydroxylapatite (Waite & Matukas), 349
